

# Energy performance certificate (EPC)

2 Energy Valid  
Craigowen rating until: **October**  
Park **2033**

HOLYWOOD  
BT18 0DN **E**

Certi ~~0469-~~  
num ~~3930-~~  
**0200-**  
**1107-**  
**9200**

Property type **Semi-detached house**

Total floor area **83 square metres**

## Energy rating and score

This property's current energy rating is E. It has the potential to be C.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's

current and potential energy rating.

**Properties get a rating from A (best) to G (worst) and a score.** The better the rating and score, the lower your energy bills are likely to be.

For properties in Northern Ireland:

the average energy rating is D  
the average energy score is 60

# Breakdown of property's energy performance

## Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, filled cavity	Good
Roof	Roof room(s), insulated	Average
Window	Fully double glazed	Average
Main heating	Boiler and radiators, oil	Average
Main heating control	Programmer, no room thermostat	Very poor
Hot water	From main system, no cylinder thermostat	Poor
Lighting	Low energy lighting in 56% of fixed outlets	Good
Floor	Suspended, no insulation (assumed)	N/A
Secondary heating	Room heaters, coal	N/A

## Primary energy use

The primary energy use for this property per year is 272 kilowatt

hours per square metre  
(kWh/m<sup>2</sup>).

---

## How this affects your energy bills

An average household would need to spend **£1,704 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £608 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2023** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

---

## Impact on the environment

This property's current environmental impact rating is E. It has the potential to be D.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO<sub>2</sub>) they produce each year. CO<sub>2</sub> harms the environment.

## Carbon emissions

An average UK household produces

---

This property produces

---

This property's potential production

---

You could improve this property's CO<sub>2</sub> emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about

average occupancy and energy use. People living at the

property may use different amounts of energy.

---

## Changes you could make

Step	Typical installation cost	Typical yearly saving
1. Increase hot water cylinder insulation	£15 - £30	£39
2. Low energy lighting	£20	£51
3. Hot water cylinder thermostat	£200 - £400	£24
4. Heating controls (room thermostat and TRVs)	£350 - £450	£223
5. Room-in-roof insulation	£1,500 - £2,700	£157
6. Floor insulation (suspended floor)	£800 - £1,200	£85
7. Heat recovery system for mixer showers	£585 - £725	£31
8. Solar water heating	£4,000 - £6,000	£60
9. Solar photovoltaic panels	£3,500 - £5,500	£648

## Help paying for energy improvements

You might be able to get a grant from the [Boiler Upgrade Scheme](https://www.gov.uk/apply-boiler-upgrade-scheme) (<https://www.gov.uk/apply-boiler-upgrade-scheme>). This will help you buy a more efficient, low carbon heating system for this property.

---

## Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Patricia Best
Telephone	07788108883
Email	<a href="mailto:patricia@bestpro">patricia@bestpro</a>

### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/004738
Telephone	01455 883 250
Email	<a href="mailto:enquiries@elmh">enquiries@elmh</a>

### About this assessment
